

FLEXIBLE

Meridian Kiosks are flexible in design. The Personnel Management Solution is available in freestanding and countertop configurations.

ANTIMICROBIAL

An antimicrobial powder coat finish can be applied to the base of the unit to ensure durability and prevent the spread of germs.

SECURE

Create alerts when individuals above the temperature threshold and those without access attempt to enter.

Take control of your work environment!

HP Meridian’s Personnel Management Solution features check-in and temperature verification capabilities. The solution can also be programmed for facial identification, with users easily added in a few short clicks. Designed to help protect the health and safety of both employees and guests by preventing anyone with a temperature from entering a facility, alerts can be added to sound when those above the temperature threshold and those without access attempt to enter.
